

You are invited to join the

Resource Innovation Institute **Founders Circle**

Join industry leaders like **Chalice Farms, Fluence Bioengineering, Desert Aire** and **Energy Trust of Oregon**.

Showcase the digital badge that shows you helped found the non-profit organization that is **accelerating resource efficiency to fuel the cannabis economy**.

As a member of RII's Founders Circle, you will have access to all aggregate, anonymous facility energy consumption data gathered via our [Cannabis PowerScore](#) energy benchmarking tool in 2018.

Your investment will help us expand upon our existing data agreements with Cultivation Classic and State of Oregon as we execute data acquisition partnerships with manufacturers, utilities, governments and others.

Data gathered includes:

- kWh per SF of flowering canopy and
- Grams/pounds per kWh
- Broken out by your choice of type of production or geography (zip code, climate zone, state, etc.)
- Lighting details (e.g., type, wattage, #/SF, by room)
- HVAC details (type of system, estimated W/SF)

Join the Founders Circle now for only \$5000, and you will have the ability to shape RII's 2019 data packages. Negotiated installments are welcome.

To take the next step, please contact Derek Smith, Executive Director, at Derek@ResourceInnovation.org or 503.201.5157.
